

The figure consists of two vertical plots side-by-side. The left plot is for Stage 0, indicated by a grey shaded background. It features a vertical line with a horizontal cap at the top. Data points, represented by grey diamonds, are scattered along this line. A horizontal black line is drawn across the plot at approximately one-third of the way from the bottom. The right plot is for Stage 1, indicated by a pink shaded background. It also features a vertical line with a horizontal cap at the top. Data points, represented by pink diamonds, are scattered along this line. A horizontal black line is drawn across the plot at approximately one-third of the way from the bottom. A legend in the top right corner identifies the stages: Stage 0 (grey) and Stage 1 (pink).

A horizontal number line with two tick marks. The tick mark on the left is labeled '0' and the tick mark on the right is labeled '1'.
